Chun Wo Commits to Implement Environmental Work

Awards the Eco-Business Awards Green Construction Contractor Award Gold Award and the 2005 Hong Kong Awards for Industries Environmental Performance Certificate of Merit

(Hong Kong, 9 March 2006) The Highway Department's San Tan Interchange Improvement project undertaken by Chun Wo Construction & Engineering Company Limited, a wholly owned subsidiary of Chun Wo Holdings Ltd. (Chun Wo; stock code:711), has been awarded the 2005 Hong Kong Eco-Business Awards Green Construction Contractor Award Gold Award. The Group's another subsidiary, Chun Long Construction Limited, also awarded the 2005 Hong Kong Awards for Industries Environmental Performance Certificate of Merit.

Mr. Peter Kwan, General Manager (Compliance) of Chun Wo Construction & Engineering Company Limited said, "Chun Wo always commits to the environmental work and contributes to the development of a green society. The Group commits to minimize the generation of adverse environmental impact on-site, reduce the construction waste as well as reusing the recycled construction waste. The two awards are important recognitions to the Group which encourages us to continue to promote and develop the environmental performance."

Mr. Kwan continued, "The effort on the environmental performance shows our willingness to attain the corporate social responsibility, so the Group implants the environmental element in all the projects. We apply a green concept at the tendering stage, identify the potential environmental impacts and hence design green construction methods, such as using precast concrete units and recycle materials etc. Besides, the Group adopts the Environmental Management System (EMS) for managing the environmental performance in all project sites. We employ full-time environmental managers, engineers and a dedicated environmental management team for daily checking and inspection of environmental performance in project sites."

"As a caring company, Chun Wo will continue to implement the environmental work. We wish to

provide a clean and pleasurable environment for the staff as well as contributing to the development of a green society,” added Mr. Kwan.

Raising the environmental awareness of our staff and sub-contractors is a key element of Chun Wo Environmental Policy. This is our practice that all the site staff should receive an Environmental Induction Training prior to start working on-site. Regular refresher and tool box trainings are provided to site staff. We also collaborate with the Construction Industry Training Authority (CITA) and provide a series of environmental management and protection courses to all project managers and foreman. In addition, the Group organises a lot of environmental activities, such as environmental promotion week, environmental slogan campaign and visiting environmental organization etc, for staff to raise their awareness.

Chun Wo Holdings Ltd. was founded in 1968 and listed on the Main Board of the Hong Kong Stock Exchange in 1993. The Group focuses on the development of construction business for nearly 40 years and becomes a renowned construction company in Hong Kong with wholly-owned subsidiaries in building construction, civil engineering, foundations, electrical and mechanical engineering, and maintenance works. Currently, Chun Wo has been diversifying the business into property development, property management and security services, as well as investments. The Group now has portfolio outside Hong Kong in Mainland China, Macao, Taiwan and Vietnam. Last year, the Group was awarded the HKMA Quality Award 2005 (Bronze) and was selected as one of the Hong Kong Outstanding Enterprises by the Economic Digest.
